Self Love Beauty’s mission to educate, invest, and impact individuals on the importance of self-love and confidence in order to empower them to be the best versions of themselves.
Dear Self Love Beauty Family,

The second quarter has come and gone, not only did we continue to work through COVID-19, we worked through a historical flood. It is said that great things come from hard times, that has been proven as our community has come together through these uncharted times.

While our neighboring towns dealt with flooding, condemned housing, and the continuation of COVID-19, we are reminded of the impact that Self Love Beauty provides to all.

By coming together as a team, we were able to volunteer our time and resources. We continued to provide virtual programs, held our second annual Affirmation Day and put on our first event virtual 5K & 10K walk/run.

The challenges that 2020 has offered in the first half has helped us grow as a team, a community, and on personal levels. By facing these challenges, we are reminded of the support we have, and the support that we provide for so many.

I continue to radiate pride for what Self Love Beauty has accomplished during these times, all while learning a little bit more about myself.

As always, we cannot provide these resources without our supporters, ambassadors, volunteers, grantees, speakers, leaders and sponsors; they are the reason we are able to grow.

Sending Love & Thanks,

Virtual 5k/10k Walk/Run
1st Annual

Encouraged our core values, with a focus on health to raise more than $1,000 for our programs and further our mission.
Being an Ambassador for Self Love Beauty has positively impacted my life in so many ways. My confidence in myself has increased. I have learned that I am not alone in my struggle to love myself and now have a community of women to support me in my journey.

"Being an Ambassador for Self Love Beauty gives me a greater purpose and passion in life." - Ambassador, Aimee Allen

I have learned not to be ashamed of the difficulties I have faced but to embrace them and use my experiences to empower other women and teens that may be on the same path. Being an ambassador has allowed me to step out of my comfort zone and learn new leadership, marketing, and networking skills. It has provided me opportunities to participate in and plan workshops and events within the Great Lakes Bay Region. Being an Ambassador for Self Love Beauty gives me a greater purpose and passion in life.
