Self Love Beauty's 2022 FATHER & DAUGHTER EVENT IMPACT REPORT

“Often with the motions of everyday life, my daughter doesn't get one on one time for a night away / fun activity with me. The Self Love Beauty Father and Daughter event was the perfect connection, allowing us time together not only for some hands on fun, but some great conversation time about our relationship. We'll definitely be attending more events in the future, as we enjoyed everything the event had to offer!”

- Steve Gould

“Best part was spending the evening with my daughter.”

“I loved hanging out with my dad. It was awesome! I also liked crafting the toolbox and decorating the picture frame.”
