ABOUT THE FATHER & DAUGHTER EVENT

Self Love Beauty's 2023 Father & Daughter Event took place on Thursday, May 11 at Three Rivers Corporation with around **25 families** (more than 50 individuals) in attendance. Girls, between the ages of 6-18, and their male mentors, took the opportunity to strengthen their relationships and build trust through engaging STEM (Science, Technology, Engineering, Math) activities aimed at building confidence, connections and self-esteem. Program outcomes included:

- Learning to read blueprints from a contractor's perspective as a STEM skill-building activity led by the team from Three Rivers Corporation.
- Learning the importance of positive self-talk and affirmations and putting them into practice! This shared experience offered conversation starters and the opportunity to decorate handheld mirrors with positive messages to take and reinforce continued positive support at home.
- Learning the history and importance of measuring TIME- time for growth, time to pause and reflect, and time together. This activity culminated with participants creating a wooden clock to take and proudly display in their homes.

Authentic STEM-based experiences, such as these, and support from trusted adults provide an opportunity for girls to grow in their confidence and develop skills that may lead to a broader spectrum of career choices as young women in the future.

”

I learned to let my daughter be creative and help support my daughter's creativity.

Mentor attendee

”

I learned that there will always be someone to help me in my life.

Youth attendee

A SPECIAL THANK YOU TO THREE RIVERS CORPORATION FOR PARTNERING WITH US TO HOST THIS EVENT FOR THE THIRD YEAR IN A ROW AND TO DUPONT FOR SPONSORING AND SPEAKING AT THE EVENT.

CORPORATION

OUR IMPACT

Our event saw a **100% growth** in all participants - both adult and child - across multiple areas.

100%

Growth in multiple areas from this event.

”

I learned that my dad is an important mentor in my life.

Youth attendee

Attendees were asked to complete a post-event survey. Participating girls **agreed or strongly agreed** that they experienced growth in these areas at these levels.

50%

Gained knowledge and experience with skills related to STEM.

67%

Experienced growth in skills to help them build self confidence.

90%

Felt affirmed by the support provided by their male mentors.

”

My favorite part was spending time with my dad and getting to learn new things about him and myself.

Youth attendee

”

I learned how to talk more about topics we normally don't talk about and take time to do activities with each other more often.

Mentor attendee
